**ATTN: OFFICE OF INITIAL PATENT EXAMINATION'S
CUSTOMER SERVICE CENTER**

Technology Center 2100

Dear Sir:

With respect to the above-identified patent application, applicant respectfully requests a corrected filing receipt.

In the section entitled **Filing Date** please change the following
from:

[05/07/2002]

RECEIVED

JAN 08 2003

to:

--11/01/2001 --

Technology Center 2600

The date of 05/07/02 corresponds to the PTO's date of receipt of Applicant's Response to Notification of Missing Requirements Under 35 U.S.C. 371 in the United States Designated/Elected Office not the date of the PTO's receipt of Applicant's patent application.

Applicant has also noted that the provisional priority application information is missing. As a result applicant request that the following information be added under the section entitled **Domestic Priority Data as Claimed by Application** on the corrected filing receipt:

-- This application claims priority to patent application serial no. 60/136,747 which was filed on June 1, 1999.--

Also, please note the priority date for the PCT of 06/01/2000 was inadvertently transposed on the first page of the executed Declaration. The correct priority date is 06/01/2000 which matches the PTO records on file.

Please note, a copy of the PTO Filing Receipt with the changes Applicant is requesting is attached to this request.

All of this information was supplied at the time of filing the U.S. patent application. For that reason this error was by no fault of the Applicant and there should be no fees necessary for this correction. However, if any fees are necessary for this filing, you are hereby authorized to charge such fees to Deposit Account No. 08-2789 in the name of Howard & Howard. A duplicate of this document is enclosed.

Please proceed with making the necessary changes. and forward a corrected filing receipt revising it accordingly. Favorable consideration is respectfully requested.

Respectfully submitted,

HOWARD & HOWARD

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
